

COUNSELING AND CONSULTATION SERVICE

COPING WITH COVID

The Office of Student Life's Student Health Services and Counseling and Consultation Service's "Coping with COVID" group will be a rolling admittance group for undergraduate or graduate students who have tested positive for COVID-19.

The group will be run on Tuesday afternoons throughout Fall Semester at 4 p.m. via Zoom. The Zoom link will be sent to students following acceptance into the group.

This will be a support group facilitated by CCS clinicians Morgan Blumenfeld, LPCC and Shawn Lucas LSW for students coping with the medical and emotional effects of testing positive for COVID-19, the experience of managing the symptoms of the virus, effects of being quarantined and/or life following recovery.

For more information on this group, or to enroll, contact Morgan Blumenfeld, LPCC, embedded care manager at Wilce Student Health Center, at blumenfeld.18@osu.edu.

Together as Buckeyes we can cope and manage the effects of COVID-19.
